

RV-SERIES

your constant workforce for compressed air

Gardner Denver has specialized in compressed air for over a century. We know and understand the application of our products in many different operating environments. Our goal is to provide you with the compressors that fulfill — and exceed — your expectations and requirements.

LONG-LASTING PERFORMANCE

Loaded with rugged features, splash-lubricated RV-Series reciprocating compressors deliver long-lasting performance and tremendous value. Special-alloy steel reed valves provide a self-cleaning design that maintains peak performance throughout the life of the compressor. Cast iron cylinders and heads offer rugged, industrial-rated dependability. Tank-mounted RV-Series units are available in 5, 7.5, 10 and 15 horsepower models, mounted on horizontal or vertical ASME coded air receivers for maximum installation versatility.

THE GARDNER DENVER EXPRESS LIMITED WARRANTY

Gardner Denver warrants each new air compressor unit to be free from defects in material and workmanship under normal use and service for a period of one year (12 months) from the date of installation or 15 months from the date of shipment by Gardner Denver. Each new Gardner Denver Centurion II Assembled Unit has a two (2) year warranty on the compressor pump only against defects in materials or workmanship under normal use and service, from the date of installation or thirty (30) months from the date of shipment by a Gardner Denver distributor, whichever may occur first. Head valves are warranted for the first year only. Gardner Denver makes no warranty on components and/or accessories furnished to Gardner Denver by third parties, such as electric motors and controls. These are warranted only to the extent of the original manufacturer's warranty to Gardner Denver. Electric motors must be equipped with thermal overload protection to have warranty consideration. Warranty for electric motors is 60 months from start-up or 63 months from shipment.
